Agenda

- 1. Future of STAR:** The June 8 meeting, the STAR membership will discuss the future of STAR: what we have accomplished, we we want to work on, what capacity we have. The agenda item today is to discuss what we can do to make that June topic successful. (30 min)
Relationship with Henry is good, some relationships with other agencies; does it matter what the public thinks of us; we re a policy group, mostly; can we have a big impact on next measure; what are roles of other organizations; should we lower our level of effort; Dan doing leadership or policy, not both; put accomplishments out to other groups; survey people on where to go, short version of accomplishments; ask RT to workshop issues during summer; have a meeting with Henri
- 2. SacRT representation in SACOG:** STAR has sent a letter to SACOG (James Corless, ED, and David Sander, Chair) recommending ex-officio status for SacRT; no response yet. Do we want to pursue this, and/or work with the transit community to push for it? (10 min)
It will take a coalition but do we have the bandwidth now? Send overhead wire podcast.
- 3. GreenMeansGo:** should STAR ask SACOG to allow SacRT to participate in this new program that SACOG is initiating to reach the GHG reduction goals. Note: GreenMeansGo is a topic at the May 9 TAQCC meeting. (10 min) *yes*
- 4. SACOG Regional Funding Round:** SacRT has been excluded from direct participation in SACOG funding. STAR and many other organizations and individuals spoke against this exclusion, but lost. Do we want to continue? (10 min)
- 5. Republic FC revenue sharing:** Discussion about Republic FC sharing revenue with SacRT to enhance service on the Green Line which is adjacent to the new stadium location has been going on for several years. What is the status of this, and does STAR want to get involved? (10 min)
defer
- 6. Mobility Access Committee:** concerns from Jeffrey (10 min); electric buses, shuttle format for UC Davis service, rear load, MAC has not received the information they need; might also be used for microtransit; *what is the frequency of UC Davis, we should question the bus format; more securements in regular buses, field trip to AC with staff;*
- 7. Report Backs:** Reports from meetings of agencies and other organizations, since our last Action Team meeting, that are critically relevant to STAR and/or may result in action items. (10 min)
should we have guided field trips to Bay Area invite transit people,

Agendas and other documents are not printed, so if you want a printed copy, print your own. Any member of the public may attend Action Team meetings, but only persons recognized as Action Team members may vote on issues and positions.
